823, 821, 182

March 30, 1976

do the same thing that you could do individually that you were doing collectively. This simply clarifies that section. It is not a position of not reporting debt, it is a position of simply allowing them to process it through under normal circumstances. Certainly all money paid out would have to be reported in that fashion. In my judgment because of the... state and federal law the unions are exempt from most of this bill anyway, to be absolutely honest with you. I think that an attorney or two would tell you that is true. But it is wider spread than that. It certainly applies to the business political action committee that is being put together that I know exists now. The trial lawyers, the medical association, all of those people have developed political action committees and certainly it applies to them. Now, what Senator Dworak did not understand, when he was saying that I was in favor of amendments awhile ago and not now, the amendments that I was trying to put up were those that improved the bill and take a little weight off the mule. Senator Dworak is going to catch onto to that sooner or later, he is young yet, but this amendment will perfect an area that we are concerned about. We met on this several days and Senator Luedtke can attest to this, how to handle it and I thought that we put the provision on the bill, and we had not. I would ask you to adopt the amendment.

PRESIDENT: The question is the adoption of the Senator F. Lewis's amendment. Record your vote. Have you all voted? Record.

CLERK: 9 ayes, 21 nays.

PRESIDENT: The motion fails.

CLERK: No further motions on the desk Mr. President.

PRESIDENT: Does anybody want to move? Senator Warner, moves the bill be advanced. All in favor say aye, contrary say nay. The ayes have it, the bill is advanced.

CLERK: Mr. President, LB821 was considered by the...wait a minute. Mr. President, your Enrolling Clerk reports that she did present 809 and 899 to the Governor, at 9:55 a.m.

Mr. President, your committee on E & R reports that we have examined and reviewed LB673 and 823 and find the same correctly engrossed. Signed, Senator Dworak.

Mr. President, we had under consideration yesterday and the bill was laid over LB821. The E & R amendments were adopted. There is presently pending an amendment offered by Senator Schmit.

PRESIDENT: Senator Kelly for what purpose do you rise?

SENATOR KELLY: Mr. President, are we going to advance 182?

CLERK: 182 isn't even before us.
